

OSA-3394-64

JUN 1964

MEMORANDUM FOR: Chief, External Training Branch

SUBJECT : Report of Training at a Non-CIA Facility

25X1A 1. Attached is a Report of Training at Non-CIA Facility completed by [REDACTED]. This report was submitted in March 1964, but apparently never reached your office.

25X1A 2. I must admit that I am still unable to understand the rationale used in turning down the external training request of [REDACTED]. I would think that we would be as interested in furthering training of our technical people as we are in paying college fees for esoteric courses for our professional people. I am, of course, not prepared to debate the value of the training offered by the [REDACTED] with that offered by the [REDACTED]. I do appreciate the fact, of course, that the [REDACTED] has an esthetic reputation.

25X1A 3. Since one of the reasons stated for turning down the requested training was the non-submission of a training report, a special effort has been made to get the said report to you personally. We are now regrouping our forces and hope to come forth in the near future with a better presentation of facts which, hopefully, will secure for these two young gentlemen the desired training, either at the [REDACTED]
